CROSSING

As the years pass by our lives change... We are Seniors now, and we remember everything from these past four years, down to the smallest detail. We relive these past years often in our minds. Bringing these memories back to our lives we will realize then, that we may long feel a strange combination of sadness and joy.

In our minds we will see those familiar faces around school. Behind each face there is a story to be told. At one point in our lives, we have all crossed paths. We have made many friendships during our high school years. As time passed, some of those friendships grew stronger and others became weaker. However, with the friendships we have made and the lives we have lived, we all crossed paths.

We found ourselves talking to those we never thought we would, while we stopped talking to others who we thought would always be partners. Our lives took many different turns. Four years passed right before us... Never did we think that our paths would soon be separated.

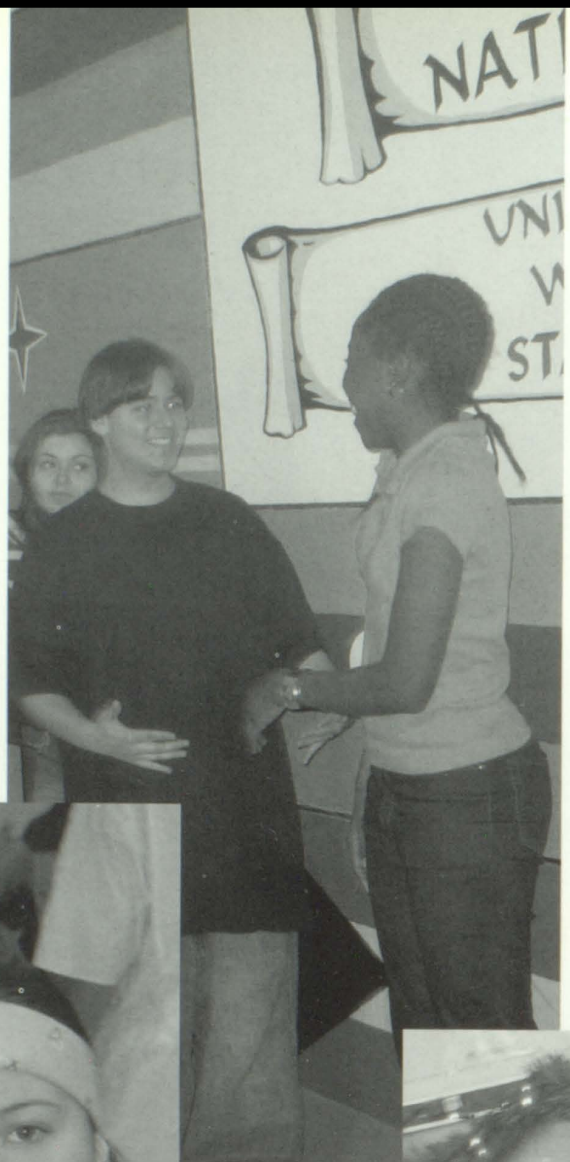

Our Senior year will soon to be over. Many of our acquaintances will be lost. We will all head in different directions, all headed to a new world out there. With sadness in our hearts, we will leave East Side with melancholy smiles and thoughts and memories held dear.

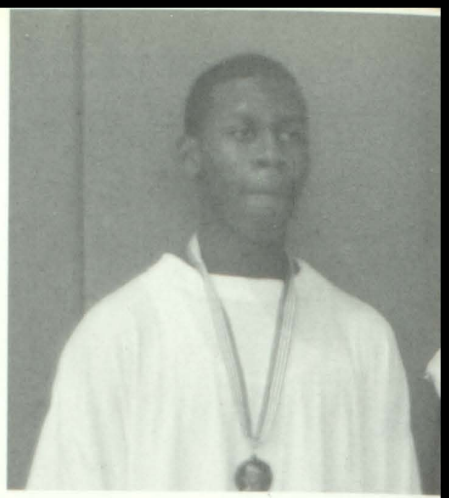

Now as the end approaches we look at all the people in our lives and wonder, WILL WE EVER CROSS PATHS AGAIN?

Since life is so unpredictable Jennifer can not decide where she sees herself in ten years, but she hopes that wherever she is or whatever she's doing she is happy. During her high school years she was involved in activities such as the Sisterhood secretary and Co-president, and the Vice President of 500 Nations. The Senior class committee had a great time raising money for the class of 2004. They held early morning bake sales and they organized a chocolate sale so seniors could pay for their own senior expenses, such as senior dues, yearbook and prom. They will hold a homecoming dance which will benefit the senior class budget. This year's Senior class officers have worked diligently to organize fun, new and fascinating events.

In such a fun and exciting year the Senior Class officers would like to send out a special thanks to all the teachers, faculty, parents, and students of East Side High School who dedicated their time and effort for all these activities.

MORRIS POLLAK

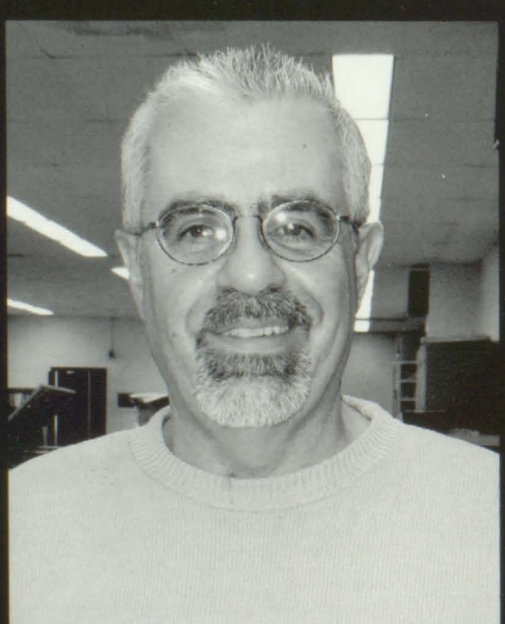

Mr. Pollak was born in the Dominican Republic and later moved to New Jersey. He resided in Newark and then moved to Hillside. He attended Hillside High School and was a very athletic person. He was involved in soccer, golf, swimming, and the wrestling team. Upon graduating high school he attended Rutgers, Newark Campus.

In 1965, while working in the NJ "Y" camps, he met a teacher who inspired him to follow that same profession. His first teaching job was at Maxon Jr. High in Plainfield. He taught at Weequahic for twenty-six years, and later began teaching at East Side High School. What he will miss most about East Side is the good friends that he made and his teaching experience in Math Applications. He advises the graduating class of the year 2004 "It's your life, work hard now so you can have it easier tomorrow."

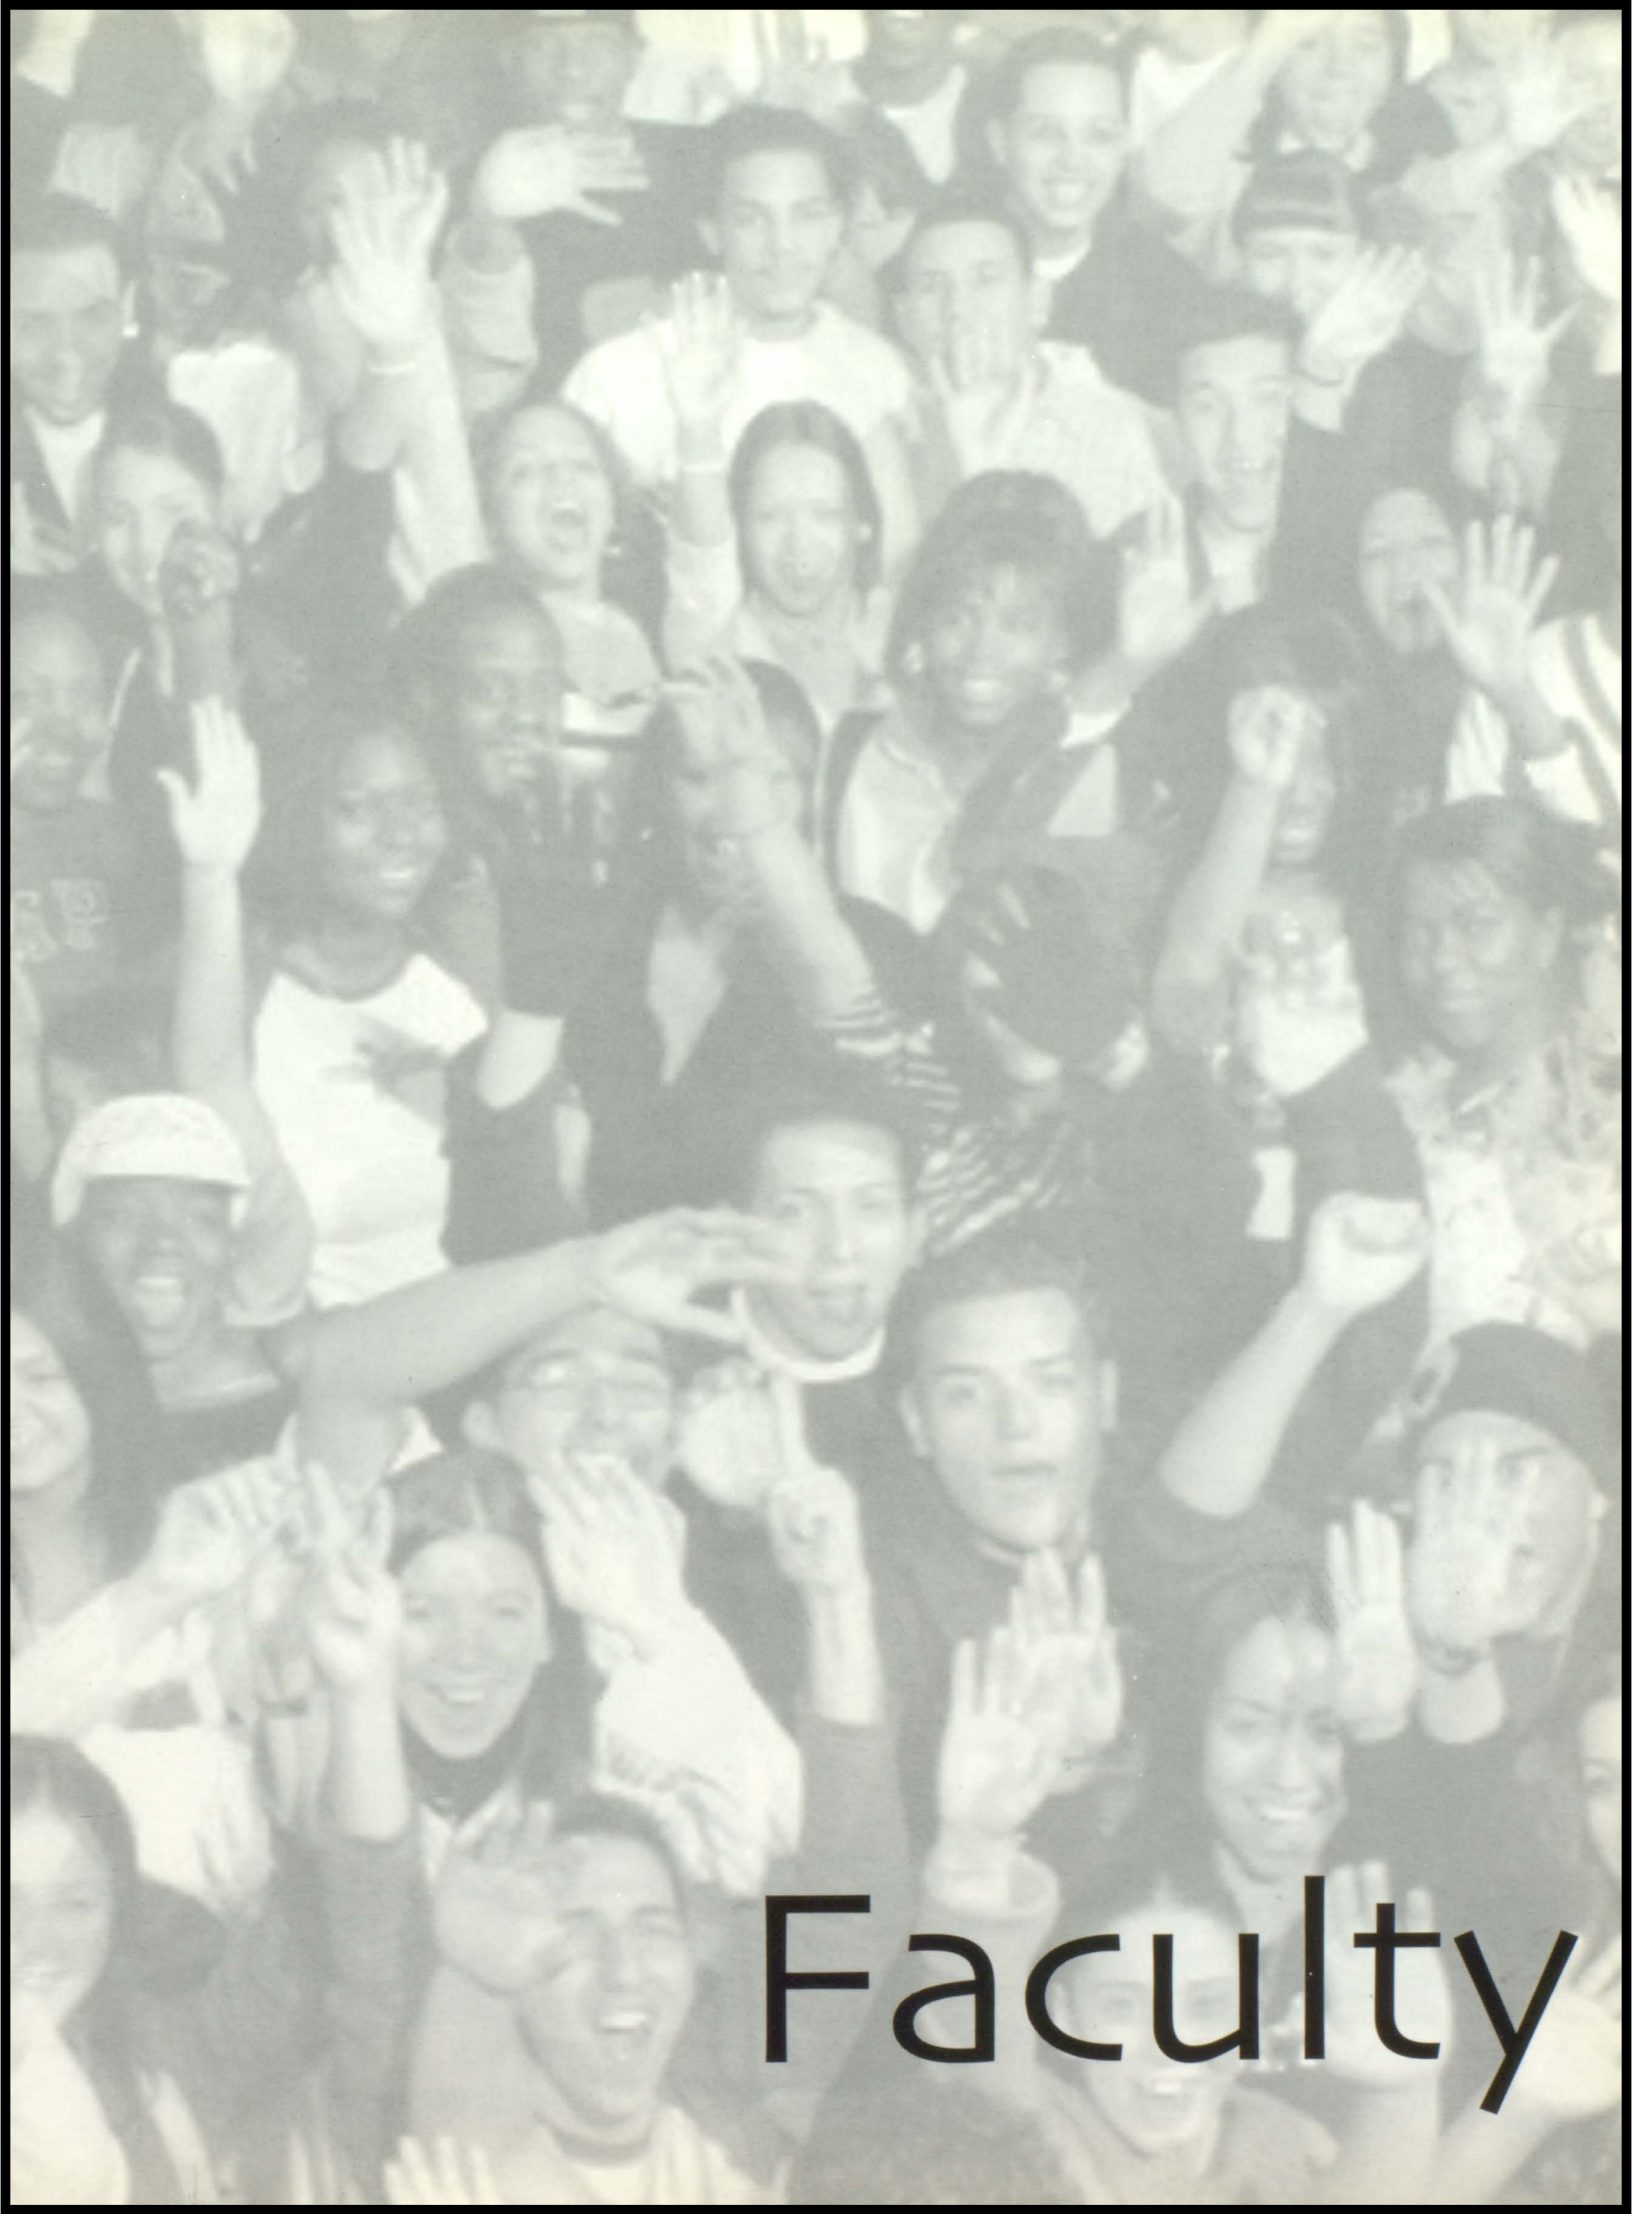

JOHN BANIAS

Mr. Banias was born in the Ironbound section of Newark. He then moved to Nutley where he attended grade school, and later to Colonia where he attended Woodbridge High School. After graduating high school he moved to Kentucky where he went to college and played baseball. He returned to Newark to begin his career as a teacher in 1971. He has been teaching at East Side for 33 years. Throughout the years he has coached baseball and J.V basketball and later became varsity baseball coach. What he is going to miss the most will be working with friends and other staff members as well as working with students to set a solid foundation in education to enable them to become productive citizens and community leaders. Upon leaving, he would like to leave the following words to the seniors: "Enjoy high school and the friends you have made. Be an individual and make your own intelligent decisions. Take care of your family and work hard to enjoy a successful life."

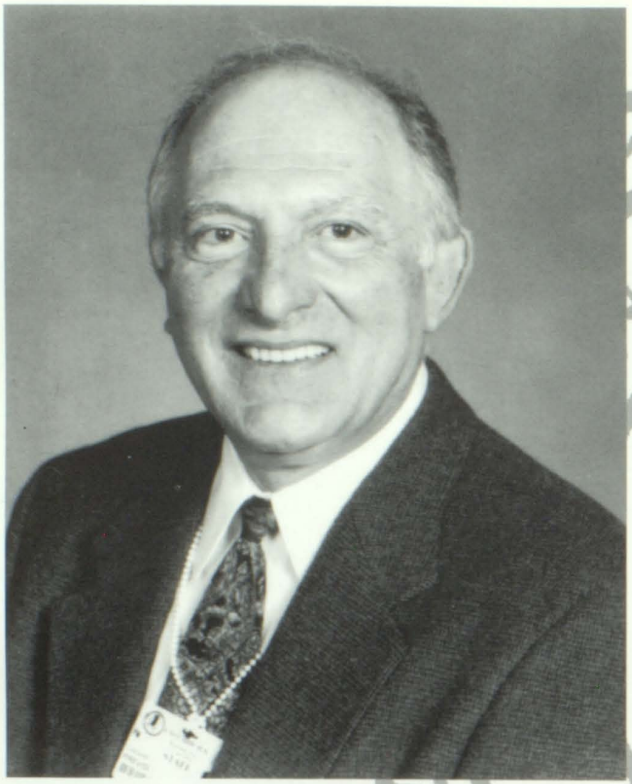

JOHN ARDITO

Mr. Ardito has enjoyed a teaching career for a span of 32 years. In high school he looked up to his drawing teacher and dreamed of getting involved in the same field. It would be his ideal job. Mr. Ardito has been teaching at East Side for his entire career and throughout the years has been involved in numerous activities. He will mostly miss the friends he has made. East Side has been a tremendous part of his life and would like to say to the graduates, "Always remember your time at East Side and take what you have learned, build on it, and become the best productive citizens you can."

Faculty

Principal
Dr. Caesar Previdi

To the Seniors, I congratulate you on the successful completion of this phase of your lives. Your tenacity throughout the past four years has earned you the right to step out into new and exciting experiences. I challenge you to take on these new responsibilities and tasks with the same determination and self-direction you have developed and displayed during your time at East Side High School. I am confident that you will succeed in attaining your goals. Aim high and reach beyond what is expected of you. Use your experiences at East Side to your advantage and walk forward with both your accomplishments and set backs. Wherever life may lead you, always remember that you are a part of the East Side High School Family.

As we struggled our way through four long years of point slopes, trigonometric equations, derivatives and the area of a dodecahedron, we would sometimes direct our angst at the person presenting us with these problems. The skills we acquired because of their endless efforts are invaluable. We will always remember our teachers with great fondness.

Over the last four years, with the help of our Phys. Ed. and Health Teachers, we have learned to live stress free lives. We now know how to handle tough situations and how to take care of our bodies and ourselves. But what we will remember most are the many fun memories that we'll always treasure and for that we thank you!

With technology becoming a critical part of everyday life, our Technical Staff has helped us in learning the many uses of computers and the effect they take in the future. This will enable us to contribute more to our careers and to society.

Did you know that one human's entire circulatory system can wrap around twice the circumference of the world? It's interesting things like this that our Science Teachers have taught us. After all the information on formulas, photosynthesis, elements, and neutron stars that has been drilled into our heads, we've learned to appreciate the science of the natural world in which we find ourselves. So kudos to them and may their profit ledger always remain in the black!

Baseball Forecast for 2004

The 2004 Red Raider baseball team will take on a new look this year. Returning to coach the Raiders is former coach, Mr. Battaglini. Mr. B's 1989-93 teams were quite successful, winning a G.N.T. title, placing a number of players on the All-County and All-State rosters, as well as having two ballplayers sign pro contracts. It is no wonder that expectations are high for a return to prominence.

New Varsity uniforms, a change in practice routines and an upgraded freshmen schedule are all in store for this year's eager group of players. Coach B must rebuild around seniors, Ellis Rosario, Quan McGill and Carlos Silva. Hector Herrera, up from the J.V., will be handed the ball to lead a young pitching staff. Coach B says that he intends on spending much time on developing his youngest players.

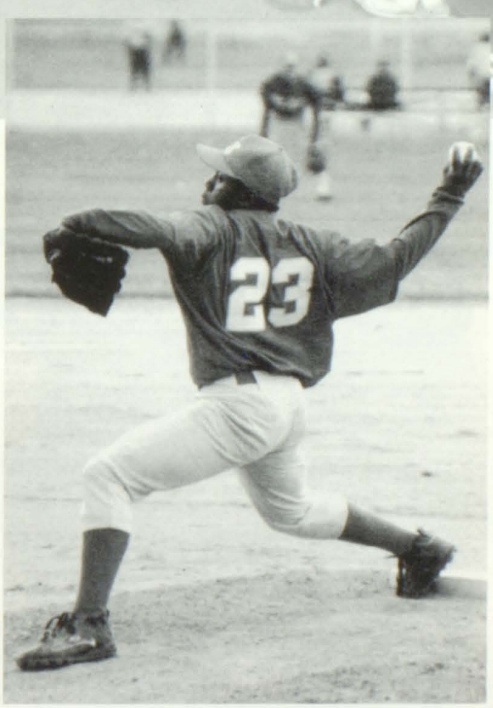

Goals for the season include: making the state tournament, challenging the powers in the Watchung Conference, finishing above .500 and winning a game or two in the G.N.T.

Coach Battaglini will be assisted by Clarence Allen, Pat Farley, Steve Campos and a host of former players willing to pitch in. Good Luck, Red Raiders!

The Lady Red Raiders Volleyball Team had a successful year. The team was able to transform themselves from being unranked and unknown to being confident, respected, and ranking as high as number three in the entire state of New Jersey. They had an ensemble of players which carried them all the way to victory. The Lady Red Raiders broke the county record for kills, tied the state records for service points, and destroyed the school record for assists. With only two days into the season they had already made an appearance in the Star-Ledger's "Top 20" list. Among their accolades, they captured the Newark Public Schools Championship for the second consecutive time, they earned The Watchung Conference American-Division title, and they made it to the Essex County Finals and won the tournament. The Lady Chiefs made it to the Tournament of Champions finals in the past 2 years in a row, they ranked number 1 in the state and 83 in the nation. East Side became the first urban school to capture the Essex County Championship, and the Lady Red Raiders finally met their goal of making it to the semi-finals. In addition, Coach Dave DeOliveira earned the award for coach of the year. Thank You for a great year ladies!

New Millenium Educators

New Millennium Educators NME was spawned in the fall of this school year, with aspirations to instill inspiration within educators and academic motivation within students. To combat the sometimes-soggy school pride that plagues our students, NME sponsored a "Take Back Our School" night and a teacher-student 3 on 3 basketball tournament.

NME plans to continue challenging both teachers and students to strive for academic excellence, while promoting a sense of loyalty and pride for East Side.

Highlights of NME's fledgling year:

Crespo's gourmet hiking food
Tavares champion basketball team
NUA... anyone? anyone? Bueller?
Tucker and the mud
Chatterjee's dance
Access to Pontereiro's computer and copier. Cha-Ching?
Teheran in a harness.

Alma Mater

In the bustling city's bosom,
Like a gem most rare,
Shines the noblest of our treasures, Shines our
High school fair.

In the feild,the hall,the city,
Loyal to thy name,
Be it ever our endeavor,
far to spread thy fame.

Then unite in loyal praises,
Ere the glad days run,
In the world are many high schools,
In our hearts but ONE.

Chorus
Hail,all hail, dear East Side High School
Green thy memory be;

By the bond of happy hours

Are we bound to thee.

PATHS CROSSING

Four years has soon passed by
Four years will soon be put aside

Those friends we have made
While we let others get away

All the smiles we shared
and all the shoulders where we cried and despaired

Happy memories we have made
and these mistakes we wish to fade

All the good and bad will be left behind
but in our heart forever it will remind

Now soon everything will be in the past,
but we know the past few years have been a blast.
The crossing paths we once met
are better than the ones ahead!
